### **User Instruction**

Light from the sun charges the unit during the day and at night the energy stored is used to power the light.

Contents-Check the pack to make sure you have all the parts listed.

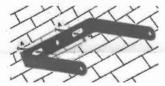

- 1 x solar powered light
- 2× mounting screws and wall plugs Fixing Instruction

## Installation instructions

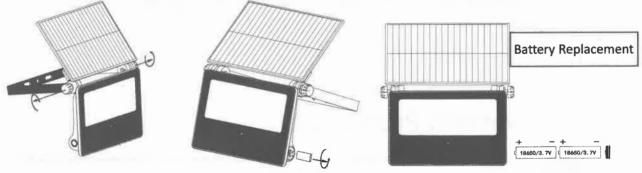

1. Unscrew the lamp body

2. mounting bracket to the wall using the mounting screws provided. Hook the light onto the mounting bracket

3. After the bracket is installed, put the lights back on and screw them on

Siting Instructions

- 1. Solar lights are designed for use outside in an open (un-shaded) location.
- 2. The solar panel should be located where sunlight can fall directly on the unit.
- 3. Avoid locations where light from other sources will fall on the panel at night (street lights, floodlights etc.)
- 4. The units can be left outside in the rain but should not be exposed to water jets or immersed in any way.
- 5. For optimum life, the solar panel should be protected from weather extremes such as snow or frost.

6. An on/off switch is located on the side of the main body. Turn on to activate light.

7. For best results install at a height of between 2-4 meters from the ground and such that motion for detection is across(rather than towards)the microwave beam. The microwave has an operational range of between 3-5 meters.

# Safety

- 1. Ensure the light is installed correctly
- 2. DO NOT fix the light on any horizontal surface i.e. ceiling, or overhang.
- 3. Install away from flammable or combustible materials.
- 4. DO NOT direct the light into a persons eyes.
- 5. DO NOT install the light where it is likely to be knocked or hit
- 6. DO NOT install in bathrooms, shower rooms and so on
- 7. DO NOT install near an exhaust outlet

### Introduction

- 1. Material: ABS+Glass
- 2. Solar panel: 4W/9V/400mA
- 3. Product size:258\*195\*32mm
- 4. Model: The light will be on for 30 seconds after trigger (no trigger is not bright)
- 5. Waterproofing class:IP65

#### Maintenance

Wipe clean with soft dry cloth. DO NOT use solvents.

### **Environment Protection**
